NOT

Notice of Termination (NOT) for Storm Water Discharges Associated with Construction Activity Under the UPDES General Permit No. UTR 200000 or UTR300000. SEE REVERSE FOR INSTRUCTIONS

Submission of this Notice of Termination constitutes notice that the operator and/or co-permittee identified in Section II of this form is no longer authorized to discharge storm water associated with industrial activity under the UPDES program from that portion of the site for which they are responsible as indicated in the SWPPP. ALL NECESSARY INFORMATION MUST BE PROVIDED ON THIS FORM.

I. Permit Information

UPDES Storm Water General Permit Number: _____

Final stabilization has been achieved on all portions of the site for which you are responsible; Partial site NOT: [] Full site NOT: []

Another party has assumed control of the site for which you are responsible through appropriate transfer of responsibility: Partial site [] Full site []

Coverage under another Storm Water Construction permit or an alternative UPDES permit has been obtained: Partial site [] Full site []

For residential construction only, temporary stabilization has been completed and the residence has been transferred to the homeowner: [] (list each of the addresses of the lots transferred to a homeowner on a separate sheet and attach it to this sheet before submitting.)

II. Facility Operator (or co-permittee) Information (the same as was entered on the NOI)

Instructions for Completing Notice of Termination (NOT) Form

Who May File A Notice Of Termination (NOT) Form

Permittees who are presently covered under the State issued Utah Pollutant Discharge Elimination System (UPDES) General Storm Water Permit for Construction Activity may submit a notice of termination (NOT) form when their facilities no longer have any storm water discharges associated with industrial activity as defined in the storm water regulations at UAC R317-8-3.9(b)(c) and (d), or when they are no longer the operator of the facilities.

For construction activities, elimination of all storm water discharges associated with industrial activity occurs when disturbed soils at the construction site (or on a portion of the site that this NOT applies to, which if it is a portion of the site this NOT must be accompanied with a map of the site showing which portion) have been finally stabilized and temporary erosion and sediment control measures have been removed or will be removed at an appropriate time, or that all storm water discharges authorized by the UPDES general permit for construction activity have otherwise been eliminated. Final stabilization means that all soil-disturbing activities at the site (or on a specified portion of the site) have been completed, and that a uniform perennial vegetative cover with a density of 70% of the cover for unpaved areas and areas not covered by permanent structures has been established, or equivalent permanent stabilization measures (such as the use of riprap, gabions, or geotextiles) have been employed.

Where to File NOT Form

Send this form to the following address:

Division of Water Quality
288 North 1460 West
P.O. Box 144870
Salt Lake City, Utah 84114-4870

Or by Fax
(801) 538-6016

Section I - Permit Information

Enter the existing UPDES Storm Water General Permit number assigned to the facility or site identified in Section III. If you do not know the permit number, contact the Division of Water Quality at (801) 538-6146.

Indicate your reason for submitting this Notice of Termination by checking the appropriate box.

Section II - Facility Operator Information

There may be more than one operator for a construction project. This form must be filled out and submitted by the appropriate operator/co-permittees listed on the notice of intent (NOI) that was submitted for receiving coverage under this permit. In this section give the legal name of the person, firm, public organization, or any other entity that is filed as an operator/co-permittee at the facility or site (or portion of the site) described in this application to terminate coverage. The operator/co-permittee of the facility is the legal entity which controls the sites operation (referring to operation of construction activity) or a portion of it and/or the person dictating the storm water control specifications, rather than the plant or site manager of the finished or rehabilitated facility. Do not use a colloquial name. Enter the complete address and telephone number of the operator.

Section III - Facility/Site Location Information

Enter the facility's or site's official or legal name and complete address, including city, state and ZIP code and the latitude and longitude of the facility at the approximate center of the site (as was reported on the NOI), and that portion of the site as indicated in the SWPPP that is being terminated.

Section IV - Certification

State statutes provide for severe penalties for submitting false information on this application form. State regulations require this application to be signed as follows:

For a corporation: by a responsible corporate officer, which means: (I) president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision making functions, or (ii) the manager of one or more **manufacturing**, production, or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding \$25 million (in second-quarter 1980 dollars), if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures;

For a partnership or sole proprietorship: by a general partner or the proprietor, respectively; or

For a municipality, State, Federal, or other public facility: by either a principal executive officer or ranking elected official.
