JUNE 2010 NEWSLETTER

WATER RESERVOIR PUBLIC HEARING

A public hearing is being held at 7:00 p.m. on July 7, 2010 at the City Offices located at 75 East Main. A presentation and discussion will be held concerning the construction of a 1,000,000 gallon water reservoir. The hearing would allow for the adoption of a code amendment increasing the monthly culinary water rates. A loan requirement of the Board of Water Resources stipulates that each resident must receive a form which will allow you to express your support or opposition to the project. This form can be brought into the city office or mailed to one of the addresses listed on the form. The forms must be returned by **July 23, 2010**.

CITY COUNCIL MEETINGS

City Council Meeting is held on the 1st and 3rd Wednesdays at 6:00 p.m. at the Wellsville City Office at 75 East Main. The City Council has set aside 6:05 p.m. to 6:15 p.m. to hear public input. **The Mayor will also be available to hear citizen's input on the 2nd Wednesday of each month, from 5:30-6:30 p.m. at the Wellsville City Office.**

VANDALISM

Recently some serious vandalism took place at the Wellsville Tabernacle. All of the outdoor spotlights were broken, as well as some of the windows. A \$200 reward is being offered for information leading to the arrest of the perpetrator(s) of the vandalism. If you have any information regarding this, please contact the city office at the number above as soon as possible. It is unfortunate that the disrespectful and malicious acts of someone can take your tax dollars to pay for their acts, so we encourage community members to be watchful and report any suspicious activity they see.

SEWER CLEAN-OUT

Beginning August 2nd, the city will begin cleaning out many of the sewer main lines throughout the city. At times, the pressure created while cleaning the lines can cause the water in toilet bowls to gurgle or splash. In order to avoid this back splash, please keep the lids on your toilets closed during the month of August.

HOUSE NUMBERS

The fire department would like residents to be aware that house numbers need to be at least 3 inches high and should be visible from the road. Smoke detector batteries also need to be replaced periodically. If you have any questions please contact Clint Kerr at 757-3376.

WINDOWS OF WELLSVILLE BOOKS

There have been several requests regarding a reprint of *Windows of Wellsville Books*. This book contains information about Wellsville's History from the year 1856-1984. We anticipate the books would cost \$60-65 each; however, if a large enough quantity is pre-ordered we may be able to sell the books at a slightly lower cost. Orders would need to be pre-paid before the books could be ordered. As of today we have only received orders for 13 books. We would need orders for at least 200 books before it would be feasible to do a reprint. Please contact the City Office by **August 30, 2010** to place your order.

THANKS TO VOLUNTEERS!

On behalf of our community, the Mayor and City Council would like to extend a big thanks to Brett Jorgensen and all of those who assisted him in making our Youth Fishing Derby a huge success. We had a great turn out, tons of prizes, and everyone, even the 4 and 5 year olds, caught a fish or two. We'll hold this activity again next year, so plan now to attend! Thanks again to all those who made this fun day possible!

We would also like to thank Marcene Parker and her family for the great job they did on the city float! Volunteers are what makes things happen. We appreciate you all!

STORM WATER

The Environmental Protection Agency requires Wellsville City to obtain a yearly permit as well as submit a detailed report describing our procedures and actions used to eliminate pollution and keep it from being distributed downstream. Ideas on how residents can help will be suggested in future newsletters.
