OCTOBER 2010 NEWSLETTER

MISSING LAWN CHAIRS

In connection with the Founder's Day celebration, city employees have recovered many of the lawn chairs that mysteriously disappeared. These chairs are being stored in the garage next to the city office. If you are missing any lawn chairs, please come to the city office to claim your chairs.

CITY COUNCIL MEETINGS

City Council meeting is held on the 1st and 3rd Wednesdays at 6:00 p.m. at the Wellsville City Office at 75 East Main. The City Council has set aside 6:05 p.m. to 6:15 p.m. to hear public input. The Mayor will also be available to hear citizen's input on the 2nd Wednesday of each month, from 5:30-6:30 p.m. at the Wellsville City Office.

WELLSVILLE CITY PARKING CODE

The City Council encourages residents to be aware of Wellsville City code 6-2-4G, which states: It is unlawful for any person to park or leave standing on any public road, street, alley or city property any motor vehicle, machinery, whether agricultural or otherwise, implements, equipment or other personal property of any kind for twenty four (24) or more consecutive hours, and any vehicle, machinery, implement, equipment or other personal property so parked or left standing may be impounded or removed by the chief of police or other properly authorized police officer of the city. The cost for impoundment and removal shall be charged to the owner or any person who claims the impounded item.

WINDOWS OF WELLSVILLE BOOKS

LOOKING FOR A GREAT CHRISTMAS PRESENT? How about a *Windows of Wellsville* Book? This book contains information about Wellsville's History from the years 1856-1984. We anticipate the books would cost \$60-65 each. We would need orders for at least 200 books before it would be feasible to do a reprint. Please contact the City Office by **October 30, 2010** to add your name to the order list.

NEW WATER RESERVIOR

Work is underway on the new Wellsville City 1 million gallon reservoir located near the city gravel pit. Pipe for the waterline that will connect the new reservoir to the culinary wells has been delivered, and excavation for the reservoir is nearly complete.

STORMWATER

As the storm water runs off from a building or driveway it carries with it the fertilizers, salts, and insecticides that were applied too heavily, too carelessly or too near the time of a storm. Storm water also carries oils, paint, chrome, and other products that may chip or seep from automobiles. Another contaminant carried in storm water is the fecal material from dogs, horses, and other animals. These harmful contaminants stay suspended and are taken downstream to food producing agricultural fields, livestock watering systems, and fish inhabited waterways.

Residents can make a big difference. Here are 12 things you can do to prevent storm water runoff pollution:

- Use fertilizers sparingly and sweep up driveways, sidewalks, and gutters
- Never dump anything down storm drains or in streams
- Vegetate bare spots in your yard
- Compost your yard waste
- Use least toxic pesticides, follow labels, and learn how to prevent pest problems
- Direct downspouts should be away from paved surfaces; consider a rain garden to capture runoff
- Take your car to the car wash instead of washing it in the driveway
- Check your car for leaks and recycle your motor oil
- Pick up after your pet
- Have your septic tank pumped and system inspected regularly
- Keep grass clippings out of curbs and away from banks on waterways
- Find proper receptacles for hazardous waste

REMEMBER IT'S NOT ONLY IN KEEPING WITH THE ORDINANCE, BUT IT HELPS KEEP WELLSVILLE A BEAUTIFUL HEALTHY CITY.
