DECEMBER 2011

NOTICE OF PUBLIC HEARING

Notice is hereby given that the City Council will conduct a public hearing at 7:30 p.m. during its regular council meeting on **Wednesday, December 7, 2011** at the city offices at **75 East Main**. The purpose of the public hearing is to receive public input on a matter the council has been considering and working on for numerous months. The city has a code that requires open space in subdivisions. Over the years the council has realized that having open space in each subdivision is not always for the best, and there may be property the council feels is more meaningful as open space in a different area. Therefore in 2008, the city adopted a code where at the option of the developer and council that the developer pays the city an "in lieu of open space" fee, and the city can then purchase property it feels should be preserved as open space. Before the council proceeds any further they would like your input and for all residents to be aware that the property is owned by Tom Maughan, who is also a city employee. The property under consideration is located as follows: after you turn off Highway 89/91 onto main street (coming into downtown Wellsville) it is a portion of the meadow land on both sides of main street after you cross the little Bear River. All details will be explained at the public hearing. If you have questions you can call Don Hartle at 245-3686. We encourage you to attend the public hearing, however if you have input or concerns on the matter, and are unable to attend the public hearing, please put any comments in writing and deliver to Don by **3:00 p.m. on December 6, 2011**.

WINTER PARKING

City Code prohibits parking on city streets between the hours of **midnight and 8:00 a.m. from November 2, 2011-April 30th, 2012**. Automobiles, boats, campers, trailers, construction equipment, etc. are not to be parked on the city streets. Emergency vehicles are permitted to park on the city streets.

WELLSVILLE CITY IRRIGATION

The Wellsville City Irrigation Company will be holding its annual shareholders meeting on **Tuesday, December 13, 2011** at **6:30 p.m. at the Wellsville City Office**. All shareholders are invited to attend.

THANKSGIVING BASKETS

A special thanks goes out to several area stores; Macey's, Smith's, North Logan Walmart, Great Harvest Bread Company, Karren Farm Seed Potatoes of Lewiston, Lowers Foods, Fresh Market and Lee's Market Place. These businesses donated food for Thanksgiving gift baskets. The baskets were assembled by the Cache Mayors Association and the Cache County Mayors Spouse Association. Each community received one of these baskets for a family in need. We appreciate the generosity of these businesses and the help they have provided.

**SANTA WILL BE AT THE
 FIRESTATION ON
 SATURDAY
 DECEMBER 10TH FROM
 10:00 A.M. to NOON**

SUB FOR SANTA NEEDS YOUR HELP

Cache County Sub for Santa is seeking those who would like to sponsor a child/children for the 2011 Christmas season. If you feel that you could help provide Christmas for someone in need, please contact the Cache County Sub for Santa office @752-6315. Office hours are from 9:00 a.m.-5:00 p.m. Monday -Friday. Gifts should be Dropped of at the Bridger-Land West Campus by December 9th in order for us to get them distributed. If you feel you are unable to sponsor a child or family directly but would like to help, cash donations are also appreciated and can be mailed to :

Cache County Sub for Santa
 P.O. Box 4603
 Logan, Utah 84323-4603

Also watch for the sharing tree at ShopKo as another way to participate.

STORMWATER

As snow piles up in the winter, we often turn to salt to melt snow and ice. Excess salt can seep into groundwater and stormwater runoff. Effective ice control can help prevent excess salt runoff to our waterways. There are many alternatives to salt, including potassium chloride, calcium chloride and magnesium acetate. Most can be found in hardware stores under various trade names, so check the labels for chemical content. While these alternatives can be spread in a dry form or sprayed as a liquid, their best use occurs when they are used with salt. They tend to increase the efficiency of salt thereby reducing the amount that needs to be applied. Also keep in mind that your first line of defense should simply be to shovel sidewalks and pathways to keep them clean and to prevent ice from forming. Also consider that salt and de-icers are not effective when more than 3 inches of snow have accumulated.

HYRUM LIBRARY DECEMBER ACTIVITIES

Dec. 5th- Author Anell Williamson from 5-7 p.m.
 Dec. 5th- National Cookie Day: special story time at 2:00 p.m.
